

RE:CENTRE

To our Re:Centre community,

Over the last few weeks we have been doing as much as we can to keep Re:Centre a clean, safe, relaxing space where everyone can find stillness and calm during these difficult times.

However, following the Government's latest recommendations and to protect the health and wellbeing of our visitors, teaching team and staff, we will temporarily be closing our doors following our last class this evening (Wednesday 18th March). Given the nature of the situation, we cannot yet give a definitive date as to when we will re-open, but will keep you updated as things progress.

Re:Centre was designed to bring balance and a sense of grounding into people's lives, which is something we all need now more than ever. So while we may be distanced from you physically, we will be bringing Re:Centre to you in new ways online. We are working on providing you with online classes with your favourite teachers which you will be able to access from your own home. Keep your eyes peeled over the next few days for more details on how you can sign up and support.

All standard memberships and class packs will be frozen and re-launched when we re-open. If you would like to support us during this time they can still be bought online and will begin from the day of your first class. We can also offer gift vouchers.

Online or offline, Re:Centre is still a space where you can find balance and calm. Connect with us over [social media](#) where we'll be sharing plenty of content to help you through the coming weeks and we look forward to welcoming you back to Re:Centre when this has passed.

Stay positive, stay healthy and remember we're all in this together.

Thank You and Best Wishes,
From all of the Re:Centre team
